

Procedures for Dorm Life under Covid-19

****Please Note****

This is a time unlike any other! We must treat it differently. To that end, we hope that these procedures will ensure your ability to remain on campus learning, connecting, and moving towards God's calling on your life.

Ephesians 4:2-3

Be completely humble and gentle; be patient, bearing with one another in love. Make every effort to keep the unity of the Spirit through the bond of peace.

Wash your hands

Washing your hands and using hand sanitizer **regularly** and not touching your face will reduce the chance of you getting or spreading COVID.

Daily temperature check

Check your temperature every morning before you leave. If you have a temperature of 100 degrees or more, you must stay in your room and contact the staff on-call number.

Mask Wearing

You can remove your mask:

1. In your room,
2. Sitting down when 6 feet apart,
3. And outside 6 feet apart.

You must keep your mask on in dorm hallways, bathrooms, and anytime walking to and from classes.

Give grace

Times are tough! We will all have different frustration levels and breaking points, different tolerance for masks and opinions on what to do.....choose to assume the best in others!

No visiting other residence halls

In order to decrease the amount of close contact with other students we are asking for students to only go in their own residence halls.

Call the on-call number if you are ill

If you have a temperature or have Corona Virus concerns please call the residence life staff and they will do what they can to assist you.

ON CALL # 740-412-4183
